Top tips for summer tresses

HAIR WE GO: Stylists at Amanda Burns will help you achieve that perfect 'summer look'. Right, staff at both of the salons.

SUMMER is virtually here and now is the perfect time for that brand new look that will leave you feeling confident and looking amazing.

Amanda Burns has everything you need for all your summer hair needs.

With the weather getting warmer, we all want to look brighter with beautiful, shiny summer hair.

Hair trends for this summer include sleek, shiny bobs in brunette and blonde and loose, sultry summer curls shimmering with golden and caramel tones.

Amanda and her team are ready to create your perfect summer look with the help of Wella and Schwarzkopf.

Also back by popular demand is Tigi by Tony and Guy, products that are only appointed to specific salons.

It has been a busy time at Amanda Burns, with the creation of some amazing styles for proms, days at the races and the wedding season is just around the corner.

To celebrate the growing success of both salons, there are currently some great special offers, including 1/3 foils (including cut and blow) for £45 and full head foils (also including cut and blow) for £80.

For stunning curls at home, they have Wella ceramic big barrelled tongs for sale at only £20 (limited availability).

Amanda and her team look forward to creating a new you, so to keep your hair looking fresh and fabulous every day, no matter what.

☐ Telephone and make an appointment on 0151 608 5369 (15 Broadway, Bebington) or 0151 334 0011 (24 Cross Lane, Bebington).
