

Business of the Month

Splash out . . . on your bathroom Quality that you can afford at Ryan & Son

IF you feel uncomfortable when visitors use your bathroom, it's time to do something about it - and it needn't cost a fortune.

Ryan & Son in Wallasey will help you splash out on an inspirational new look at a price that you can afford.

Ryan & Son are specialists in bathrooms, plumbing and heating. The company, established over 21 years ago, has always kept right up-to-date with changes in style and technology while keeping prices lower than all their competitors.

While renovating your bathroom, it is worthwhile checking that the hot water system, insulation and methods of heating the bathroom

itself are adequate. A bathroom should be as warm and welcoming as your living room.

Choose carefully what you would like in your new-look bathroom. A steam shower is the perfect way to relax after a busy day. Bathing in the soft, warm atmosphere will make showering the best part of your day!

Remember that any improvements you make to your home are an investment. Your new-look bathroom or great new heating system could be a good selling point if you move house.

□ For further details, call 0151 639 2946 or call into Ryan & Son at 149a Brighton Street in Wallasey.

FRESH NEW LOOK: A brand new bathroom will add both character and value to your property
