

# Business of the Month

## Find the right person for the job

FINDING and placing the right person for the right job is critical to business success.

So if you need good quality, reliable employees, help is at hand.

Trident Training, based in Prenton, will provide your business with the right staff - free of charge.

The only cost to the employer will be the employee's wage.

Trident Training is the training arm of the Liverpool Chamber of Commerce. They are currently working on Government-funded programmes designed to benefit Wirral Pathways residents.

In doing this, they can help those residents living in deprived areas with their search for employment and

also provide them with support and job specific training.

Existing employees can also benefit from these programmes as Trident can provide funding for further training in order to enhance career development again at no cost to the employer, ensuring a win-win situation.

In short, Trident Training can offer employers:

- Recruitment and selection service
- Industry specific training
- Wage subsidy of up to 20% for the first 26 weeks of the employees wage.
- Regular monitoring and feedback

Karen McCombe, from Trident Training, said: "There

are so many opportunities available and there are no limits to how far people can go in their chosen line of work," she said.

"We held an awareness day recently in the Lauries Centre in Birkenhead which was a great success and we would like to thank all who attended."

The Pathways Project is a consortium of partners from the public, voluntary and community sectors, all working together to regenerate a number of the most disadvantaged communities in Wirral.

□ For more details, telephone Karen McCombe on 0151 608 8889 or e-mail [karen.mccombe@liverpoolchamber.org.uk](mailto:karen.mccombe@liverpoolchamber.org.uk)

The overall cost for comparison is 7.9%. The actual rate will depend on your circumstances. Ask for a personalised illustration. There may be a charge for advice. The amount will depend on your circumstances, but will be no more than 3% of the loan. Think carefully before securing other debts against your home.

Your home may be repossessed if you do not keep up repayments on your mortgage.
