

# Home & Garden

A stunning, inviting location in the heart of Cheshire for a spacious well-stocked showroom

## The Fabric Barn offers full service

SET in a beautiful converted farm building opposite Little Moreton Hall, just off the A34, The Fabric Barn is a stunning showroom for quality fabrics, furnishings and soft furnishings. This is the hub of a business that offers the full, make-up, consultation and home visits, advice, including home visits, consultation and a free measuring service.

Owner Gary Faulkner said: "Customers can come down to see the Fabric Barn, have a look around and, if required, we are perfectly happy to visit them at home and explain the various options that would suit them"

Gary who, with his wife Sarah, opened the barn four years ago bringing over 20 years

experience in the fabrics industry to the business.

When asked his reasons for choosing an out-of-town location, he stated: "It meant that we would have much more showroom space than we would have had on the high street.

"People tend to get a better idea of how it would look in their own home...plus it's simply a lovely location to visit. There is plenty of parking space and it's easy to find."

Gary's experience enables him to locate the very best products at reasonable prices, whether it is made-to-measure items or ready made. In using the very best work-

shops, he is also able to guarantee that the quality of the material continue through to the workmanship and finish.

Among the furnishings at the showroom are wood Venetian blinds, curtain fabrics, tiebacks, cushion covers, lining, bullion fringing, upholstery fabric and PVC. There is a website with ebay link at [www.thefabricbarn.net](http://www.thefabricbarn.net) but the best way to discover the sheer quality of furnishings on offer, and Gary's friendly and informative service, is to take the short drive into the beautiful Cheshire countryside and discover The Fabric Barn for yourself.
